Air Blow Gun

A handy set including 3 different air blow guns with interchangeable accessories. Each of the blow guns features a 360° swivelling air intake to make the machine easier to use with little interference from the air line and a hanging hook facility. Stepless triggers and ergonomically designed handles for better grip and insulation from cold air and vibration which are suitable for left and right handed users. Supplied in a handy carrying case with recessed handle, click lock mechanism and rubber feet. The set includes various tips including adjustable, extension type, brass, ball pump, needle, rubber, air screen, nylon, safety booster, swivelling and car tyre inflator types.

Combined Vacuum and Blow Gun

The innovative Luna cleaner gun is one tool with two functions, suction and blowing. Ideal for cleaning around machines in your work shop as well as use as a vacuum cleaner. Instead of blowing dust around you can first suck most of it up and just blow away any residue which is hard to suck. One hand operation. Press firmly and you start the suction function, depress the trigger further and the cleaner gun starts blowing. The "one time use dust bag" is covered by the recoil hose which is included as standard. The low weight (595gm) makes it comfortable to use by one hand, dimensions 327 x 114 x 53mm. Suction 600 l/min and blowing 300 l/min at 8 bar

Stock no	204060107	
Connection thread	1/4	
Air consumption	l/min	350
Air consumption	cfm	12.4
